

Taxi Dodger

A fast-paced mobile game where you dodge taxis and collect power-ups to survive as long as possible.

Game Features

- ****Smooth Lane-Based Movement****: Swipe or tap to dodge between lanes.
- ****Power-Ups****:
 - Shield: Protects you from one collision.
 - Slowdown: Permanently decreases taxi speed by 2f.
 - Infinite Stamina: Unlimited dodging for a few seconds.
- ****Polished Pixel Art****: Beautifully crafted voxel-inspired environment.
- ****Dynamic Sound Design****:
 - Background music for Main Menu and Game Scene.
 - Movement, dodge, and crash sound effects.
 - Shield activation/deactivation sounds.
- ****High Score System****: Displays your highest score on the main menu.
- ****Adaptive UI****: Scales across various resolutions.

Target Platform

Designed for Android mobile devices (portrait mode).

Tech Stack

- Unity 2022.3 LTS
- C#
- Pixel art assets designed manually

How to Play

1. Tap left/right to dodge between lanes.
2. Collect power-ups to survive longer.
3. Avoid taxis at all costs!
4. Achieve the highest score possible.

Future Updates

- Google Play Store Release
- Achievements and Leaderboards
- More power-ups and hazards
